

Tianmo Xuejia

AI Agent Engineer • Intelligent Manufacturing

yztmxj@163.com | github.com/TmxjTmxj | Shandong University • China

PLACEHOLDER RESUME

This file is a placeholder. Replace public/resume/resume.pdf with your real resume PDF.

Summary

Independent developer building AI agents: multi-agent orchestration, layered-memory agent cores, ROS2 + MCP robot control and AI for intelligent manufacturing.

Experience

Independent Developer - AI Agent Builder (2026 - Present)

Shandong University - Mechanical Engineering Student

Skills

Python • Rust • TypeScript • ROS2 • Gazebo • MCP • LLM / AI Agents • RAG • Abaqus • ANSYS

Projects

ROS2 Agent Workflow - MCP-controlled ROS2 + Gazebo simulation

Agent Orchestrator - plan/delegate/execute/collect multi-agent framework

Beifeng Wind Agent - Rust wind-farm O&M agent (RAG, diagnosis, Tauri)

Hermes Agent Core - consciousness engine + four-layer memory

Education

Shandong University - Mechanical Engineering ([GRAD_YEAR])
